IMAGINE Software Promotes New Executive Director

Charlotte, NC –IMAGINE Software, a leading provider of optimized and automated radiology practice management solutions and home to the IMAGINeradiology™ System, today announces the promotion of Kyle Hart to Executive Director. Hart is a systems implementation veteran with several years of experience in the project management and business application sector.

During his time on the IMAGINeradiology™ team Kyle was Project Manager of system implementations for Technology Partners and the IMAGINeradiology™ suite of products and currently serves on IMAGINE's executive team. As Executive Director he will design, develop and implement strategic plans for the company and work as a liaison among departments, generating maximum team performance.

"Kyle demonstrates strong management skills, exceptional product knowledge, and brings continued strategic focus to the team," says Sam Khashman, CEO. "Kyle's new role will allow for him to further assist in streamlining our processes."

"This role provides a great transition to new challenges and opportunities for me here at IMAGINE", says Hart. "I am excited to start building relationships within each department, while I continue to manage all IMAGINeradiology implementations. I feel confident that I will help strengthen the IMAGINE team in innovative ways and keep us moving forward as the leader of billing technology."

About Technology Partners Inc. (dba IMAGINE Software) and IMAGINeradiology™

Technology Partners has led the way in innovation, development and support of automated medical business management solutions for 8 years with its flagship product, IMAGINeradiology™. A vast array of Microsoft-inspired tools and features simplify integration and conversion to IMAGINeradiology™. The IMAGINeradiology™ System has been heralded for its ability to streamline the billing/collections process, improve staff productivity and increase practice profitability with an unsurpassed billing engine and collections automation that reduces the lifecycle of claims. IMAGINeradiology™ offers its own Smart Imaging Technology, an Auto Coder feature, Appliance Processing, an EOB Reader, and Direct-To-Payer Claims Submissions, as well as electronic remittance.

The IMAGINeradiology™ team offers cutting edge products and services that are revolutionizing workflow automation for practices and billing offices. With the full support of its customers, leadership, and partners, TPI provides solutions that expand to accommodate the changing needs of today's medical practices.
